## Core Module 7: Surgical Procedures

**Learning outcomes:**

- To understand and demonstrate appropriate knowledge, skills and attitudes in relation to surgical procedures

| Knowledge criteria                   | GMP | Clinical competency   | GMP | Professional skills and attitudes   | GMP   | Training support   | Evidence/assessment  |  |
|--------------------------------------|-----|---|-----|---|---|--|--|--|
| <b>SURGICAL PROCEDURES</b>           |     |   |     |   |   |  |  |  |
| Relevant basic sciences              | 1   | Marsupialisation of Bartholin’s abscess                               | 1   | Have the knowledge to choose appropriate instruments, sutures, drains and catheters | 1,2   | Observation of, assisting and discussion with Senior Medical Staff | OSATS Diagnostic laparoscopy   |  |
| Knowledge of instruments and sutures |     | Evacuation of uterus  |     | Know own limitations and when to seek help  | 2   | Basic Practical Skills course (RCOG approved)                      | OSATS Operative laparoscopy  |  |
|                                      |     | Diagnostic laparoscopy  |     |   | 2   |  | OSATS Diagnostic hysteroscopy  |  |
|                                      |     | Sterilisation   |     | 3   | Demonstrate the use of diathermy, endoscopic and other equipment safely and efficiently | 2  | National Institute for Clinical Excellence (NICE) Balloon catheter insertion for Bartholin’s cyst or abscess | OSATS Uterine evacuation                           |
|                                      |     | Polypectomy   |     |   |   |  |  | OSATS Laparoscopic management of ectopic pregnancy |
|                                      |     | First trimester surgical termination (unless conscientious objection) |     |   |   |  |  | Successful patient outcomes                        |
|                                      |     | Diagnostic hysteroscopy   |     | 3   | Show evidence of thinking ahead during procedure  |  | StratOG.net: Surgical Procedures and Postoperative Care e-tutorials  | Logbook  |
|                                      |     | Minor cervical procedures   |     |   |   |  |  | Reflective diary                                   |
|                                      |     | Excision of vulval lesions  |     |   |   |  |  | ARCP   |
|                                      |     | Laparotomy for ectopic pregnancy                                      |     |   |   |  |  | MRCOG Part Two                                     |
|                                      |     | Ovarian cystectomy for benign disease                                 |     |   |   |  |  |  |
| Elective peritoneal adhesiolysis     |     |   |     |   |   |  |  |  |
| Myomectomy                           |     |   |     |   |   |  |  |  |
|                                      |     |   |     |   |   | <i>The Obstetrician and Gynaecologist</i> journal                  |  |  |
