

Early Pregnancy and Emergency Gynaecology

Joint RCOG/AEPU Meeting

Thursday 14– Friday 15 March 2019
Venue: RCOG, London

Overview

Early Pregnancy Unit and Gynaecology Emergency activity is now a core session for many consultants and trainees. This is a specific meeting to support the dissemination and discussion of principles of evidence-based practice in the field. This course will update consultants and trainees on recent developments in clinical practice of early pregnancy and emergency gynaecology management.

Who should attend?

- Trainees and consultants in O&G
- SAS Doctors
- Midwives
- Nurse specialists
- Ultrasonographers wishing to extend their clinical knowledge
- Primary care physicians with a special interest in acute Gynaecology

After completing this course you will be able to

- Manage common early pregnancy and emergency gynaecology problems confidently
- Target investigations according to each clinical scenario
- Organise care for women with early pregnancy and emergency gynaecology problems
- Identify and fully comprehend key research in the field of early pregnancy and emergency gynaecology
- Complete the theoretical component of the Acute Gynaecology and Early Pregnancy ATSM
- Claim a maximum of 12 CPD credits for full attendance at this meeting

Course Organisers:

Dr Emma Kirk MRCOG, London
