## RCOG World Congress 2019

ExCeL, London

Sunday 16 – Wednesday 19 June 2019

| Wednesday 19 June 2019 |  |  |   |   |  |
|------------------------|--|--|---|---|--|
| 07.00                  | Registration desk open at London ExCeL   |  |   |   |  |
| 07.00 – 08.00          | MORNING YOGA<br>Capital Suite Room 17  |  |   |   |  |
| 07.15 – 08.15          | EARLY RISER SESSIONS   |  |   |   |  |
|                        | Update on MRCOG Examinations<br>Capital Suite Room 7/8/9   | Getting involved in Green-top guidelines: introducing<br>the new format and how to develop one<br>Capital Suite Room 2/3/4 | New core Curriculum and e-portfolio<br>Capital Suite Room 10/11/12  | Supporting our Doctors: Effective dispute resolution<br>and improving workplace cultures<br>Capital Suite Room 6/13 |  |
| 07.30 – 08.30          | Coffee, Exhibition, iPoster Viewing & Mini Theatre iPoster Presentations   |  |   |   |  |
| 07.50 – 08.20          | Mini Theatre 1 - iPoster Presentations   |  | Mini Theatre 2 - iPoster Presentations  |   |  |
|                        | <p>1) Demonstration of effective laparoscopic management of a live caesarean scar ectopic pregnancy<br/><b>Angharad Jones</b></p> <p>2) The Burden of Sepsis in Gynaecology – A wake up call<br/><b>Mohammed Jaber Hussain</b></p> <p>3) The placenta exhibits selective immune response in an in vitro model of haematogenous multi-pathogen induced preterm labour<br/><b>Lynne Sykes</b></p> <p>4) 'Until now, I don't know what's wrong. I feel that the doctors also don't know.' – patients' perspectives on the quality of maternity care in Zanzibar's referral hospital<br/><b>Benoit Jacod</b></p> <p>5) Does the type of bariatric surgery affect pregnancy outcome?<br/><b>Katie Cornthwaite</b></p> |  | <p>1) Mode of subsequent delivery after a fourth degree tear<br/><b>Annika Taithongchai</b></p> <p>2) Changing management of placental abruption improves clinical outcomes: a comparison of cases before and after the introduction of a postpartum haemorrhage (PPH) quality improvement (QI) project, OBS Cymru, the Obstetric Bleeding Strategy for Wales<br/><b>Cerys Scarr</b></p> <p>3) Adopting design thinking approach to inpatient postnatal care in a busy National Health Service hospital in United Kingdom: Qualitative insights<br/><b>Sunita Sharma</b></p> <p>4) Self-monitoring of blood pressure during pregnancy: The BUMP trials<br/><b>Katherine Tucker</b></p> <p>5) Khalil Traction Stitch With Bakri Balloon and Uterine Cooling for Controlling Bleeding From Placental Bed of Placenta Previa and Accreta<br/><b>Mohamed Ibrahim Khalil</b></p> |   |  |
| 08.30 – 09.20          | <b>PLENARY LECTURE 7:</b><br>Chair: Prof Tom Bourne<br><b>Harnessing Nanotechnology and Deep Learning for Early Disease Diagnosis</b><br>Professor Rachel McKendry, i-sense EPSRC IRC  |  |   |   |  |
| 09.20 – 09.30          | Movement between rooms   |  |   |   |  |

|                      | <b>STREAM 1</b>   | <b>STREAM 19</b>   | <b>STREAM 20</b>  | <b>STREAM 21</b>   | <b>STREAM 22</b>   | <b>STREAM 23</b>   |
|----------------------|---|--|---|--|--|--|
|                      | <b>MATERNAL AND FETAL MEDICINE</b><br>Capital Suite 10/11/12 (live streamed into Capital 17)<br> | <b>UROGYNAECOLOGY AND PELVIC FLOOR MEDICINE</b><br>Auditorium<br>   | <b>RCOG IMAGING</b><br>Capital Suite 2/3/4<br>   | <b>REPRODUCTIVE MEDICINE</b><br>Capital Suite 7/8/9 (live streamed into mini theatre 1)<br>   | <b>SEX AND BIOPSYCHOSOCIAL ASPECTS OF REPRODUCTION</b><br>Capital Suite 14/15/16<br>      | <b>RCOG GLOBAL HEALTH</b><br>Capital Suite 6/13 (live streamed into mini theatre 2)<br>   |
| <b>Chairs:</b>       | <b>Sarah Murray, UK<br/>Dr Neel Shah, USA</b>   | <b>Mr Christian Phillips, UK<br/>Dr Peter De Jong, South Africa</b>  | <b>Mr Joseph Yazbek, UK<br/>Prof Dirk Timmerman, Belgium</b>  | <b>Yakoub Khalaf, UK<br/>Dr Melanie Davies, UK</b>   | <b>Ms Sheila Radhakrishnan, UK<br/>Mr Remon Keriakos, UK</b>   | <b>Prof Eric Archibong, Nigeria<br/>Prof Amr El-Noury, Egypt</b>   |
| <b>09.30 – 09.50</b> | <b>Developmental influences on reproductive ageing</b><br><b>Dr Catherine Aiken, University of Cambridge</b>  | Results of a prospective, multicenter study evaluating impact of a wireless implantable tibial nerve stimulator at three years in subjects with overactive bladder symptoms (OAB)<br><b>Visha Tailor</b> | Endometrial thickness and risk of cancer: a cohort study nested in the ultrasound arm of the United Kingdom collaborative trial for ovarian cancer screening (UKTOCS)<br><b>Alex Gentry-Maharaj</b> | Progesterone regulates the expression of conserved micro RNAs in endometrial Ishikawa cells cultured in vitro and may have implications for establishing uterine receptivity to implantation<br><b>Laura Hume</b>                                    | To use or not to use? A systematic review of premenstrual disorders' diagnostic techniques<br><b>Deepthi Lavu</b>  | A qualitative assessment of menstrual poverty and management amongst BAME community women fleeing domestic and sexual abuse in Sheffield UK: a cross-sectional, observational pilot study<br><b>Katherine Rahnejat</b> |
|                      |   | Long term comparative study of burch colposuspension versus mid urethral sling for surgical management of stress urinary incontinence<br><b>Peter Dwyer</b>  | Gestational trophoblastic disease (GTD) in early pregnancy: Is sonographic diagnosis a dying skill? A 10 year prevalence study in an urban university teaching hospital<br><b>Tabassum Khan</b>     | The complex challenges of fertility and stage 4 endometriosis – data from a UK tertiary endometriosis centre<br><b>Angus Connacher</b>   | Outcome reporting across observational studies evaluating the impact of stillbirth: A systematic review<br><b>Danya Bakhbakh</b>   | Improving maternal and newborn health in rural Malawi: impact of a three-year integrated approach of demand and supply side interventions using a repeated cross-sectional study<br><b>Adrian Brown</b>                |
| <b>09.50 – 10.10</b> | <b>Breast cancer and pregnancy: messages from UKOSS and MBRRACE-UK</b><br><b>Professor Marian Knight, University of Oxford</b>  | A six-month impact analysis of the suspension of vaginal mesh for stress urinary incontinence<br><b>.Abisola Adeleye</b>   | Can transperineal ultrasound improve the diagnosis of obstetric anal sphincter injuries?<br><b>Ka Woon Wong</b>   | FSH requirements for follicle growth during controlled ovarian stimulation in IVF cycles<br><b>Tia Hunjan</b>  | Taking back control: are women getting what they want from the my body back service?<br><b>Emma Abery</b>  | A multi-site intervention study on prevention of maternal sepsis in low resource settings: introducing the WHO multimodal hand hygiene strategy to maternity settings in Malawi<br><b>Catherine Dunlop</b>             |
|                      |   | Transcutaneous tibial nerve stimulation to treat urgency urinary incontinence in older women: 12-month follow-up of randomized trial<br><b>Christiana Campani Nygaard</b>                                | What shape is your bladder in? Trans-abdominal ultrasound assessment of bladder shape in the detection of involuntary detrusor activity<br><b>Charlotte Buchanan</b>                                | Short term administration (6 months) of ulipristal acetate modulates steroid receptor and steroid metabolising enzyme mRNA expression and cell proliferation in the human endometrium<br><b>Rohan Chodankar</b>                                      | Development of a core outcome set and identification of outcome measurement tools to improve care and research after stillbirth – The iCHOOSE Study<br><b>Danya Bakhbakh</b> | A 10-year retrospective review of the maternal and neonatal outcomes in patients with history-indicated, ultrasound-indicated and rescue cervical cerclages<br><b>Premiha M</b>  |
| <b>10.10 – 10.30</b> | <b>Pregnancy at advanced maternal age</b><br><b>Jenny Kurinczuk University of Oxford</b>  | Impact of a multi-centre quality improvement project to reduce the incidence of obstetric anal sphincter injury (OASI) in the UK: a stepped-wedge cluster randomised trial<br><b>Ipek Gurol Urganci</b>  | Uterine artery pulsatility index as a predictor of methotrexate resistance in GTN with FIGO score 5 & 6 - a prospective observational study<br><b>Pallabi Nayak</b>                                 | Frozen-thawed embryo transfer (FET): a UK-wide survey of IVF clinics highlighting wide variation in practice and an analysis of 578 patients comparing GnRH-antagonist with GnRH-agonist pituitary suppression in medicated FET<br><b>Matt Noble</b> | "Botched Labiaplasty": a content analysis of online advertising for revision labiaplasty<br><b>Hazel Isabella Learner</b>  | The burden of physical, psychological, and social ill-health during and after pregnancy in women in India, Pakistan, Kenya, and Malawi<br><b>Mary McCauley</b>   |

|               |   |  |  |  |  |   |
|---------------|---|--|--|--|--|---|
|               |   | Do pre-operative urodynamics lead to better outcomes in management of urinary incontinence in women: a linked systematic review and meta-analysis<br><b>Kar Yee Lor and Maria Soupashi</b>                 | Is there a role for transperineal ultrasound imaging of the anal sphincter immediately after primary repair of third degree tears?<br><b>Ka Woon Wong</b>  | Genetic and epigenetic mechanisms of endometrial receptivity disorders in patients with low birth weight<br><b>Oxana Melkozerova</b>   | My body back - evaluation of a cervical screening clinic for women and trans men who are survivors of rape and sexual abuse<br><b>Jill Zelin</b>   | Stillbirths and neonatal deaths amongst women with postpartum haemorrhage: an analysis of rates and risks in the WOMAN trial<br><b>Amy Hough</b>  |
| 10.30 – 10.50 | How to reduce stillbirth in multiple pregnancies<br><b>Professor Asma Khilail</b><br>St George's Hospital, University of London   | Treatment of vaginal mesh exposure with platelet rich plasma and extracellular membrane<br><b>Fariba Behnia-Willison</b>   | Developing a standard for diagnosing ectopic pregnancy (EP) at first scan<br><b>Judith Hamilton</b>  | Bioengineering approaches for female fertility preservation and infertility treatment<br><b>Maxine Chan</b>  | Timed intercourse in infertile couples - doing more harm than benefit<br><b>Sujoy Dasgupta</b>   | Global bereavement care after stillbirth – towards consensus: The RESPECT Project<br><b>Miriam Toolan</b>   |
|               |   | The impact of previous mode of delivery on severe childbirth perineal trauma: a retrospective case series<br><b>Elizabeth P C Thorne</b>   | Diagnostic accuracy of risk of malignancy index 4 and risk of malignancy index 1 for prediction of malignant ovarian tumors<br><b>Ei Ei Wint Aung</b>  | Factors associated with patients returning for further treatment after NHS or private assisted conception treatment - an analysis of 10-year single centre data<br><b>Isla Robertson</b> | So you are saying it's all in my head then? The relevance of psychosexual medicine to the gynaecologist<br><b>Rhianna Davies</b>   | Burden of disease due to prolonged obstructed labor: a multi-country provider perspective survey<br><b>Lina Roa</b>   |
| 10.50 – 11.10 | What have we learned from 'Each Baby Counts'<br><b>Zarko Alfirevic, University of Liverpool</b>   | OASIS: prevention and management<br><b>Ranee Thakar, Croydon University Hospital</b>   | Using IOTA ultrasound Simple Rules and The ADNEX model to classify Ovarian pathology<br><b>Professor Tom Bourne, Imperial College London</b>   | What makes a sperm a sperm<br><b>Professor Allan Pacey, University of Sheffield</b>  | The silent grief-miscarriage and still birth<br><b>Fiona Cowan, University Hospital Southampton</b>  | Our Right, not a Privilege and Certainly not a Debate' - the WHO 2017 Guideline on the SRHR of women living with HIV at the heart of an effective response<br><b>Dr Alice Welbourn, Salamander Trust</b>                                |
| 11.10 – 11.40 | Coffee, Exhibition and On-Demand iPoster Viewing  |  |  |  |  |   |
|               | <b>MATERNAL AND FETAL MEDICINE</b><br><br>British Maternal & Fetal Medicine Society<br><br>Capital Suite 7/8/9 (live streamed into Capital Suite 17) | <b>UROGYNAECOLOGY AND PELVIC FLOOR MEDICINE</b><br><br>British Society of Urogynaecology<br><br>Capital Suite 10/11/12 | <b>RCOG IMAGING</b><br><br>Royal College of Obstetricians & Gynaecologists<br><br>Capital Suite 2/3/4 (live streamed into mini theatre 2) | <b>REPRODUCTIVE MEDICINE</b><br><br>British Fertility Society<br><br>Auditorium                     | <b>SEX AND BIOPSYCHOSOCIAL ASPECTS OF REPRODUCTION</b><br><br>Institute of Psychosexual Medicine<br>BSBOG<br><br>Capital Suite 6/13 | <b>RCOG GLOBAL HEALTH</b><br><br>Royal College of Obstetricians & Gynaecologists<br><br>Capital Suite 14/15/16 (live streamed into mini theatre 1) |
| Chairs:       | Dr Sarah Murray, UK<br>Dr Isabel Camano, NZ   | Professor Peter Dwyer, UK<br>Professor Ranee Thakar, UK  | Professor Tom Bourne, UK<br>Thierry Van Den Bosch, Belgium   | Ms Felicity Ashworth, UK<br>Prof Noor Al-Mandhari, Oman  | Remon Keriakos, UK<br>Claudine Domoney, UK   | Prof Amr El-Noury, Egypt<br>Prof Eric Archibong, Nigeria  |
| 11.40 – 12.00 | Highlights of RCOG GTG27A: Placenta praevia and accrete<br><b>Professor Eric Jauniaux, EGA Institute for Women's Health, Faculty of Population Health Sciences, University College London</b>   | Neurological conditions affecting the bladder<br><b>Dr Jalesh Panicker, The National Hospital for Neurology and Neurosurgery &amp; UCL Queen Square Institute of Neurology</b>                             | Assessing endometrial and myometrial pathology with ultrasound using IETA and MUSA terminology<br><b>Thierry Van Den Bosch, UZ Leuven</b>  | What makes a good egg<br><b>Professor Richard Anderson, University of Edinburgh</b>  | Uterine transplantation and fertility preservation<br><b>Mr Richard Smith, Imperial College London</b>   | Not worth walking to: Revising strategy to end fistula within a generation<br><b>Lauri Romanzi, Engenderhealth</b>  |
| 12.00 – 12.20 | A randomized double-blind, placebo-controlled trial of pravastatin for early-onset preeclampsia<br><b>Jane Daniels</b>  | Laser treatment for GSM and SUI<br><b>Professor Christian Phillips, Hampshire NHS Foundation Trust</b>   | Borderline Ovarian Tumours: the role of ultrasound in diagnosis and surgical management<br><b>Mr Joseph Yazbek, Imperial College Healthcare, London</b>  | Female fertility preservation – an overview<br><b>Dr Melanie Davies, University College London Hospitals</b>   | Reducing global maternal mortality - lessons from Sri Lanka<br><b>Professor Hemantha Senanayake, University of Colombo</b>   |   |

|               |   |  |  |  |  |   |
|---------------|---|--|--|--|--|---|
|               | National maternal near-miss study in Oman<br><b>Jamila Al Abri</b>  |  |  |  |  |   |
| 12.20 – 12.40 | Remifentanyl patient-controlled analgesia versus intramuscular pethidine for pain relief in labour: the RESPITE randomised controlled trial<br><b>Jane Daniels</b>  | STUMP THE EXPERTS: difficult cases / virtual MDT<br><b>Chair:</b><br><b>Mr Mark Doyle, Wirral University NHS Foundation Trust</b><br><br><b>Panel</b><br><b>Philip Tooze-Hobson, Birmingham Women's and Children's NHS Trust and Swati Jha, Sheffield Teaching Hospitals NHS Foundation Trust and Professor Linda Cardozo, King's College Hospital</b> | Can we manage ovarian masses conservatively? The long term behavior of ovarian masses classified as benign with ultrasound<br><b>Professor Dirk Timmerman, Medical Council KU Leuven, Belgium</b>                  | Recent advances in ovulation induction for PCOS<br><b>Professor Adam Balen, Leeds Teaching Hospitals, UK</b> | Subfertility - the patient perspective<br><b>Kate Brian, Women's Voices Lead, RCOG</b>                           | Family Planning and Safe Abortion Care Programmes – Sharing Learning for International Best Practice<br><b>Valerie Truby, Western Cape Department of Health</b> |
|               | Intrapartum sildenafil citrate reduces operative intervention for fetal compromise at term – results of a placebo controlled double blind RCT (RIDSTRESS RCT (ACTRN12615000319572))<br><b>Sailesh Kumar</b> |  |  |  |  |   |
| 12.40 – 13.00 | A proposed method for assessing the quality of outcome reporting and measurement in obstetric studies<br><b>Justin Lim</b>  |  | Imaging and treating Caesarean scar pregnancy<br><b>Mr Davor Jurkovic, UCH London</b>  | Low cost IVF – different perspectives<br><b>Mr Yacoub Khalaf, Guy's and St Thomas' NHS Foundation Trust</b>  |  | The global neglect of Gynaecology<br><b>Professor Alison Fiander, RCOG</b>  |
|               | High risk of caesarean section in obese nulliparous women undergoing induction of labour: an analysis using the Robson 10-group classification system<br><b>Kirsten Ong</b>                                 |  |  |  |  |   |
| 13.00 – 13.20 | Improving women's experience of maternity care<br><b>Florence Wilcock, Kingston Hospital NHS Foundation Trust &amp; Emma Crookes, RCOG Women's Network</b>  |  | Panel Discussion: Difficult imaging cases<br><b>Chair: Professor Tom Bourne, Imperial College London</b><br><br><b>Panel: Thierry Van Den Bosch, Mr Joseph Yazbek, Mr Davor Jurkovic, Professor Dirk Timmerman</b> |  | The Unspoken - Sexuality and subfertility<br><b>Dr Leila Frodsham, Guy's and St Thomas' NHS Foundation Trust</b> |   |
| 13:20 – 14:20 |   |  |  |  | Engenderhealth reception for the FPM education manual  |   |
| 13.20 – 14.35 |   |  | Lunch, Exhibition, iPoster Viewing & Mini Theatre iPoster Presentations  |  |  |   |

|   |   |  |
|---|---|--|
| 13.30 – 14.00                                     | <p align="center"><b>Mini Theatre 1 - iPoster Presentations</b></p> <p>1)Chemotherapy followed by Radiotherapy Versus Radiotherapy alone in Locally Advanced Cervical Cancer<br/><b>Rajeev Singh</b></p> <p>2)Radical Ovarian Cancer debulking surgery: colorectal anastomotic leak rates after primary end-to-end anastomosis without additional protective ileostomies<br/><b>Natasha Rinne</b></p> <p>3)Cervical cancer screening - are we doing enough?<br/><b>Shrikant Bollapragada</b></p> <p>4)Insulin like growth factor 2 receptor act as a prognostic biomarker and behaves as an oncogene escaping from lysosomal dysfunction-induced apoptosis in cervical cancer<br/><b>Takashi Takeda</b></p> <p>5)Targeting AKT and DNA-PK as a therapeutic strategy in platinum resistant High-Grade Serous Ovarian Cancer<br/><b>Natasha Rinne</b></p> | <p align="center"><b>Mini Theatre 2 - iPoster Presentations</b></p> <p>1)Describing intra-tumoural heterogeneity in High Grade Serous Ovarian Cancer<br/><b>Katherine Nixon</b></p> <p>2)Effect of sentinel node mapping strategy in robotic surgical treatment of endometrial cancers<br/><b>Tien Le</b></p> <p>3)Oncologic and reproductive outcomes for women undergoing a laparoscopic primary procedure in cases of borderline ovarian tumour<br/><b>Nkiruka Okagbue</b></p> <p>4)A mathematical-descriptor of tumour-mesoscopic-structure from computed-tomography images annotates prognostic- and molecular-phenotypes of epithelial ovarian cancer<br/><b>Katherine Nixon</b></p> <p>5)Exploring women’s views and experiences of transvaginal ultrasound with focus on the training of professionals<br/><b>Manuj Vyas</b></p> |
| 13.20– 14.35                                      | <p align="center">Kind to women: how the 1967 Abortion Act changed our lives’<br/>Video Presentation<br/>Capital Suite Room 17</p>  |  |
| <p align="center"><b>SPONSORED SYMPOSIUMS</b></p> |   |  |
| 13.20 – 14.20                                     | <p align="center">Maternal Pertussis Vaccination to help protect new born babies: what every obstetrician should know<br/>GSK<br/>Capital Suite Room 14/15/16</p>   | <p align="center">Pharing well on IV iron? Intravenous iron – closing the gaps<br/>Pharmacosmos<br/>Capital Suite Room 10/11/12</p>  |

This programme was correct at the time of going to print. The RCOG and Hampton Medical do not take any responsibility with having to make changes after going to print.

*The RCOG World Congress 2019 will be enhanced by the voices of people who use O&G services, across many of the scientific sessions. We hope that these voices, both in person and pre-recorded, will add an extra element to the event, bringing focus to the human experience of women's health experiences relating to the topics being presented and the importance of woman-centred care across the specialty.*
