

Annual Scientific Update in Urogynaecology

Joint RCOG/BSUG meeting

Thursday 3 – Friday 4 October 2019

Location: RCOG

Overview

The BSUG Annual Scientific meeting brings together cutting edge research with clinical updates on current and emerging issues in the specialty of urogynaecology. The programme includes expert and renowned speakers in their field, with talks, debates and workshops which will stimulate thought and discussion

Highlights include

- Laser for genito-urinary syndrome of menopause
- Bladder pain session
- 3D printing and applications in urogynaecology
- Endometriosis in the urinary tract

You will also have the opportunity to take part in various workshops, which will give you a chance to hear about relevant and topical issues in urogynaecology

Who should attend?

- All Consultants and Trainees in urogynaecology
- SAS Doctors
- Nurses and Physiotherapists with an interest in this field

Learning objectives

- Improve your overall knowledge of urogynaecology
- Understand the evidence behind current and future treatments for urogynaecological conditions
- Be able to comprehensively manage patients with varying urogynaecological conditions

Course Organiser

Miss Maya Basu MRCOG, Manchester

Honorary Director of Conferences:

Mr Philip Toozs-Hobson FRCOG, Birmingham

Honorary Deputy Director of Conferences:

Mr Andrew Sizer FRCOG, Shrewsbury
