

BSGI Annual Gynaecology and Imaging Meeting

Joint RCOG/BSGI Meeting

Friday 5 April 2019

Venue: RCOG, London

OVERVIEW

The 12th Annual Scientific Meeting (ASM) of the BSGI offers the opportunity for all specialists with an interest in gynaecological imaging related to clinical practice to receive an update on academic developments in the field and discuss hot topics in clinical practice.

The aim of the ASM is to provide a focused day of clinically relevant talks across a range of areas including gynaecological oncology, benign gynaecology and early pregnancy. The ASM provides the opportunity to present academic work and trainees are especially welcome.

Our live scanning session give the unique opportunity to see the latest technologies in clinical practice as well as having the opportunity to appreciate different techniques to improve your personal practice.

This meeting is eligible for 6 CPD points.

After the meeting you will have updates in key areas of imaging in:

- Urogynaecology (with relevance to Mesh)
- Oncology
- Benign gynaecology (fibroids)
- Early pregnancy

Who should attend:

- Consultants in both in Gynaecology and radiology,
- Radiology trainees with an interest in gynaecological imaging
- O&G trainees
- Sonographers and Specialist nurses

Course Organisers

Mr Joseph Iskaros

Miss Ghada Salman

Mr Alan Treharne

Royal College of
Obstetricians &
Gynaecologists

Honorary Director of Conferences

Mr Philip Toozs-Hobson FRCOG, Birmingham

Honorary Deputy Director of Conferences

Mr Andrew Sizer FRCOG, Shrewsbury
