BSGI Annual Gynaecology and Imaging Meeting

Joint RCOG/BSGI meeting

Friday 21 May 2021

Venue: Online

Overview

The 13th Annual Scientific meeting of the BSGI offer the opportunity for all specialists with an interest in gynaecology and imaging related to Clinical Practice to update on academic developments in the field and discuss hot topics in clinical practice.

The aim of the ASM is to provide a focused day of clinically relevant talks across a range of areas including gynaecological oncology, benign gynaecology and early pregnancy. The ASM provides the opportunity to present academic work and trainees are especially welcome.

Why attend

After the meeting you will have updates in key areas of imaging in:

- Benign gynaecology imaging and management
- 3D/4D scan in gynaecology and pelvic floor
- Early pregnancy imaging and preterm labour
- Relevant imaging in complex contraception and community gynaecology
- Imaging in termination of pregnancy service
- Imaging of placenta accreta spectrum and surgical intervention

Who should attend?

- All Clinicians in Obstetrics and Gynaecology
- O&G Trainees
- Radiology consultants and trainees with an interest in gynaecological imaging
- Sonographers and Specialist nurses

Course organisers

Mr Joseph Iskaros, FRCOG, London

Dr Alan Treharne, MRCOG, Lampeter

Honorary Co-Directors of Conferences

Mr Philip Toozs-Hobson FRCOG, Birmingham

Mr Andrew Sizer FRCOG, Shrewsbury

Programme – Friday 21 May

9.00am **Welcome and Introduction from BSGI President**
Mr Jonathan Chamberlain, President of British Society Gynaecological Imaging (BSGI)

Session I: Community Gynaecology

Chaired by: Mr Alan Treharne, Consultant Obstetrician and Gynecologist, Hywel Dda UHB, Wales and Honorary Secretary, British Society Gynaecological Imaging (BSGI)

9.10am **The role of ultrasound and imaging in managing patients with contraception needs**
Dr Rachel D'Souza, Consultant in Sexual and Reproductive Health, Central and North West London NHS Foundation Trust, London
